Dear Mr. Fortmiller, Ms. Wilhelm, and Ms. Wilhelm:

The Oregon Department of Environmental Quality (DEQ) has completed a Site Assessment Screening of the former Master Chemical site. A copy of Site Assessment Strategy Recommendation is enclosed.

Based on the Screening, DEQ has determined that under the Oregon Environmental Cleanup Law, ORS 465.200, no further action is required for this site at this time. We will update the Environmental Cleanup Site Information (ECSI) database to reflect this decision.

If you have questions regarding this site, please contact me at (503) 229-5166.

Sincerely,

Steve Fortuna  
Site Assessment Specialist  
DEQ Northwest Region
